IN REMEMBRANCE

In sad but loving remembrance:
March brings us sad memories of
our Dear Husband and Father,
Thomas E. Childress, who departed
this life March 15th, 1950.
I had a loving husband once,
He was my joy and pride,
But on the day of March he died.
God above knows how I miss him
And the grief that's in my heart.
But I hope again to meet him
When from this earth we all shall part.
Often when I sit and wonder
And life's trials seem so hard to bear
I think of him who has gone before me.
The angel came and took him home
From whence he never wants to roam.
—Sadly missed by his loving wife
and children. —Mrs. Thomas E. Childress. 4(1tp)

DEER PROBLEM BECOMING ACTUTE

Deer problems are becoming more and more acute in many localities, as attested by the many petitions for liberalized seasons in order to check growth of the herds. Such petitions are given most serious consideration by the Commission of Game and Inland Fisheries. Some are prompted by selfish interests. Others are founded on definite needs in connection with crop damage and conflict with other sports than deer hunting.

Many of the problems in this connection are extremely perplexing and difficult to solve equitably to all parties concerned. Careful study is being made of deer dynamics all over the state. Where found necessary, regulations regarding the annual harvest by hunters are being liberalized. Taking a proper proportion of females is acknowledged to be the key to the situation.

The Commission has no alternative but to act upon accurate knowledge of the status of the various deer populations with relation to their environment, and manage these animals from the overall viewpoint of the public interest and the welfare of this game species.

Father Darkleaf

By c. h. r.

We have just heard about a man who solved the problem of making out a complicated income tax. He devised a formula by which he listed as dependents one blonde wife, one car, three goldfish and two children. He then multiplied his grandfather's age by 6-7/8, subtracting his telephone number. Next he added his hat size and subtracted his car license number. Deducting for keeping his wife a blonde for one year, he added the remainer by the number of clubs to which he belonged divided by the number of electric light bulbs in his home, and divided by the size of his collar. This gave him his gross income, which, after deducting by his chest measurement and subtracting his blood pressure, gave him the net amount owed the Tax Collector. —Selected.

Yes, the U. S. is in bad shape—no other country in the world—in some respects. No other country is suffering political and economic troubles because of a surplus of food. No other country has traffic congestion because so many people own automobiles. In no other country does everyone have so much money and help is so hard to find and harder to keep. In no other country do people take so many holidays, and work so few hours, so they will have time to spend the money that keeps piling up on them. In no other country is unrest caused by plenty of everything and high living, one of the chief medical problems. Yes, it's a sad situation. —Pikes Peaker.

If I have any true scholarship, I am not positive as to where I might have gotten it. Have done some study of Confederate history than on any subject. Next I suppose would be comparative religion. But sooner or later, I would have to confess that English literature has been a real reading assignment with me for thirty years. At college it was my good fortune to take course after course in English literature, and developed a special fancy for the "Lake Poets," and acquired the conviction that the great writers of English literature represented the acme of Anglo-Saxon thinking.

Nowen knows how many times I have read my Wordsworth. And I think so much of Robert Burns I have a picture of the Scotch bard over my office desk.

But right now, I have before me a quotation from Lord Byron and his immortal Childe Harold. It says: "Best I have lived, and have not lived in vain;
My mind may lose its force, my blood its fire,
And my frame perish even in conquering pain;
But there is that within me which shall tire
Torture and Time, and breathe when I expire;
Something unearthly, which they deem not of."

And we can label that "something within which shall tire torture and time" as the soul of man. Multiplied many times o'er, it is the soul of the world. And it is for the soul of the world that all ages fight. We should remember that, just in case we become smug and complacent amid our stockpile of bombs, and things. The ideology capturing the soul of the world will prevail, and all else will be eroded by the lichens of time.

Read someplace that a prediction for the next generation would be that the four largest cities in the world would be: Houston, Texas; Sao Paulo, Brazil; Sidney, Australia and Johannesburg, South Africa. Did not see how they figured it that way but it's a fact that many cities have about reached the limits of expansion, and the movement is toward suburbs. Every time I go to Washington, I get the notion the metropolitan area is headed toward a fourth of northeast Virginia.

A Michigan preacher has urged "Christianity in Your Driving." Does he mean one should turn the other cheek? —Sen. Soaper, NANA Syndicate.

If coffee prices keep coming down the fellow who likes to show off how rich he is will have to switch back to champagne. —Hartford Courant.

Mayor James Announces For Re-election

New Candidates Enter Race

Names of additional candidates were dropped into the political hamper here this week, as interest began to mount in the Democratic Primary Election to be held July 12. Indications are that Appomattox County will see a spirited contest in the period before the primary.

Thomas Terrell (Tommy) Martin, local businessman, announced this morning that he is a candidate for County Treasurer. Mr. Martin, 36, is member of a widely-related family in the county and is proprietor of the Western Auto Store at Appomattox. Prior to returning here six years ago, he was route supervisor for a national firm in Richmond. He is a member of the Appomattox Lions Club.

At the same time, incumbent treasurer, G. B. Buchanan announced that he would not be a candidate, and Herbert C. Pullian, who had been mentioned as a candidate for this office, stated that he would not enter the race. J. Garland Plunkett, present deputy treasurer, announced several weeks ago that he would be a candidate. Therefore it appears that there will be a two-way race for treasurer.

Herbert B. Scruggs, dairyman and extensive farmer, announced last week-end for Supervisor in the Stonewall District. O. W. Martin, Jr.

(Continued on Page Eight)

NEW COUNTY AGENT

. . . James A. Smith

Mr. James A. Smith will become Appomattox County Agent April 1, succeeding R. B. Hudgins, who retires at the end of this month.

Mr. Smith is a native of South Carolina and graduate of Clemson College. He is a World War II veteran, and at present is the assistant county agent in Halifax County, Virginia.

To Dedicate New Gymnasium At A. H. S. in April Ceremony

Friday, April 22, has been set as the date for the formal dedication of the new gymnasium and practice room at the Appomattox High School. A committee named late last fall to prepare for the dedication, is now completing arrangements for the event.

Dr. Harold K. Jack, State Director of Health and Physical Education, has accepted an invitation to be the chief speaker on the occasion. J. A. Burke, chairman of the Dedication Committee, has announced the following sub-committees:

Committee on Hospitality: Mr. H. E. Kerr, C. T. Moses Jr., Dr. C. G. O'Brien.

Committee on Publicity: Calvin H. Robinson, Ivey Holland and Vernell Mitchell.

Committee on Program: Mrs. Wiley M. Morris, Mr. T. DeWitt Evans.

Committee on Activities: Mrs. Louise T. Brown, Coach Gordon H. Bruce.

The new gymnasium has been in use for two months, but all of the equipment has not arrived, and the formal dedication was delayed until it could be completely furnished. A large portion of the equipment was donated by the Appomattox Lions Club from a special fund it had reserved for this purpose.

The decision to have a dedication program was reached in a desire to have all patrons of the local school see the functioning of a modern gymnasium and physical education plant. In addition to the address of Dr. Jack, the dedication program will feature a demonstration of how pupils and teachers will make use of this latest addition to the school plant.

TURKEY SUPPER

There will be a turkey supper on Friday night, April 1, from 6:00 P. M. to 8:00 P. M. at the Stonewall Community Center. Plates will be $1.00 for adults and 50 cents for children. Proceeds will go to the building fund of Trinity Church.

NOTICE

All children who will attend Pamplin and Evergreen Schools and have not had their preschool examinations please come to the Appomattox County Health Center on Thursday, March 31, 1955, between 9:00 A. M. and 2:30 P. M.

All Negro children who expect to attend Stonewall, Spout Spring, Mt. Airy and Roadside Schools and have not had their preschool examinations please come to the Appomattox County Health Center on Friday April 1, 1955, between 9:00 A. M. and 12:30 P. M.

4-H Members To Enter Dairy Contest

Eight 4-H boys and girls are preparing themselves to enter the District 4-H Dairy Judging Contest, to be held April 21 in Lynchburg. The members met Saturday, March 19, at the farm of Mr. John Cole and judged two classes of four animals each. Mr. E. W. Carson was present and judged the animals as he thought they should be placed and gave reasons for the placing.

The 4-H members present were: Larry Torrence, Kinckle Martin, Dennis Torrence, Gene Carson, Jr.; Shawn Mabley, Joel Coleman, Henry Covington and Andrew Gurney.

On Wednesday, March 30, W. N. Patterson, Associate Extension Dairyman, V. P. I., will be on hand to assist these boys and girls, as well as boys and girls from neighboring counties in dairy judging. Frank Mabley and John Cole will be hosts to the group, which will meet at the county agent's office at 9:30 and go to Mr. Mabley's farm from there. The 4-H club boys and girls are urged to bring their parents to this meeting, since Mr. Patterson's remarks on judging dairy cattle will be beneficial in selecting dairy animals.

Appomattox To Be Pipeline Headquarters

An official of Williams Bros., of Tulsa, Oklahoma, contractor to lay some 84 miles of "loop" pipeline in this area for Transcontinental Natural Gas Pipeline Corp., was in Appomattox this week, and informed Mayor Chas. F. James that the workers would be here while on the project. The line laying is expected to require at least three months. No statement was issued as to the number of workers to be quartered here, but the Town has offered to cooperate to the fullest in accomodating this group.

Mayor James has asked the Times-Virginian to request all those in Appomattox who have rooms or apartments to rent, to contact him. The Mayor has agreed to serve as a "one-man committee" to expedite housing arrangements for the workers. He will prepare a list of available quarters, and work with the contractor to see that places are available for the workers.

The Mayor is now preparing this list, and believes that ample quarters will be offered by the time the workers arrive.

Five years ago, when the first pipeline was laid and the huge Compresser Station set up here, there were several hundred workers here for some five months. The present project is for the purpose of adding to the carrying capacity of the Transco company by laying paralleling 30 inch pipe on the same right-of-way.

It is understood that the contractor has a "portable office" of its own. A considerable volume of equipment is already being moved in and placed just north of Appomattox. Pipe is being unloaded at Altavista, Long Island, Phoebe and Scottsville.

The "coming of the pipeliners" is eagerly being awaited here, and it is anticipated that the same friendly cooperation will prevail as on the visit of the previous group.

. . . Mayor Chas. F. James

Chas. F. James, Mayor of Appomattox, announced this week that he would be a candidate for re-election for another two-year term. Dr. James filed Monday. The town election will be held June 7.

Mayor James had planned on retiring from office at the expiration of his present term in September. However, persistent appeals from friends finally caused the popular local pharmicist to reconsider and agree to become a candidate for re-election.

He served as a member of town council for a number of years, and then served as mayor following the retirement of C. S. McDearmon. He was succeeded by G. B. Buchanan, and was re-appointed when Buchanan resigned to accept appointment to county office. No other candidate for mayor has filed.

To be elected at the town election in addition to a mayor, are six members of the town council. There is one vacancy on the council at this time, due to the recent death of Councilman David A. Christian III.

At the regular monthly meeting of the council on Monday night, it was decided that due to the nearness of the town election, the vacancy would not be filled by appointment, but it was generally agreed that the vacancy would be filled by appointment immediately after the election to fill out the balance of Dr. Christian's term. New town officers are sworn in in September.

Incumbent members of the town council are: Grover E. Smith, Mrs. Calvin H. Robinson, C. T. Moses Jr.; J. Thomas Almond, and C. C. Poe.

Garden Club Meets Monday

The Appomattox Garden Club will meet Monday night, March 28, in the high school cafeteria.

Mrs. S. S. Shouse will speak on "What Judges Look For in Arrangements." The hostesses will be Mrs. R. B. Leffers, Mrs. S. B. Marshall, Mrs. Frank Mabley. Exhibits will be:

1. "Tempest in a Tea Pot" - composition suggesting motion.
2. Two arrangements, using cream pitcher and sugar bowl as a pair of containers. Same variety of flowers, but lines to suit the containers.
3. "Tea Time" - a composition using a small cup and saucer.

Horticulture:

1. Specimen early daffodil.
2. Collection of daffodils.
3. Specimen of any other flower from bulb.
4. Specimen of flowering shrub.

$20,000 Goal Set for Memorial

A meeting was held here last night at the American Legion building, attended by a committee named at a recent meeting of citizens interested in a memorial to the late Dr. David A. Christian, III.

At last night's meeting, it was decided to proceed at once with a drive to raise a goal of $20,000. This sum would be used, according to the plan of the group, to erect a medical building here.

It is hoped that an additional physician can be brought to Appomattox to supplement present personnel and efforts are being made in that direction.

No site has been chosen for the proposed building. The committee states that detailed plans will await the outcome of the fund - raising drive.

The fund will be handled by a board of directors composed by: Dr. C. G. O'Brien, chairman; Mrs. Richard Williams, Chas. D. Lewis, Jr.; J. W. Childers and Floyd Fleshman.

Campaign treasurer is W. C. Dudley.

Contributions may be mailed to Christian Memorial Fund, P. O. Box 477, Appomattox, Va.

The committee advises that some $1,500 is already in hand and that volunteer workers will start efforts at once to raise the complete goal.

The current effort results from public sentiment that a memorial be established to honor young Dr. Christian, who met tragic death on Feb. 25, 1955 at Evergreen, when he was shot while making a call in line of duty.
